

# Who We Are

## About Us

The Nicole V. Reed Memorial Foundation is a 501(c)(3) charitable foundation formed in honor of my beloved wife that seeks to provide tuition assistance to graduating high school students that wish to continue their education in the culinary arts.

This was her passion, the reactions of her clients drove her creativity, and this new foundation seeks to encourage such passion and creativity in others.

## Like our namesake...

Nicole sought joy in others and took great pleasure herself in sharing her skills and her art with whom she loved. Our Foundation seeks to follow in those heart filled footsteps ... one student at a time

The Nicole V. Reed Memorial Foundation wishes to encourage a new generation of culinary talent. To achieve this, the Foundation provides scholarships to qualifying students on an annual basis. These scholarships are paid for through a fund maintained by the Foundation which serves only this purpose.

---

*"Join us, and make it possible for talented young minds to follow their culinary dreams..."*

---

The amount our foundation can award and the number of students we can assist is limited only by the generosity of our supporters.

*Everyone looks good in one of these*

Donating couldn't be easier and is of course tax deductible as we are a registered 501(c)(3) charitable organization.
